New Products and Special Offers

LP Gas Power Articulated Truck

Flexi GAS is the world's first LP Gas powered articulated truck that works in 1750mm warehouse aisle widths. Its winning combination of proven LP Gas power and VNA storage capability gives you more from one truck - outside and in.

[Narrow Aisle](#)

Bendi Articulated Forklift

The current Bendi range has something to suit almost any site, layout or budget. Our range works in the narrowest aisles, the highest racking bays, the most demanding 24-hour operations of any articulated forklift truck.

[Translift Bendi](#)

Advanced Planning Solution

Manhattan Associates offers the most flexible and intuitive planning system in the marketplace.

[Manhattan Associates](#)

Case Erecting Machinery

Our case erectors automatically erect cases from a flat "blank" to an open case with tape or glue applied to the bottom flaps.

[Endoline Machinery Ltd.](#)

No matter what industry your organisation operates in the PPMA Show will have the right machinery and equipment for your processing and packaging needs.

The PPMA Show caters to all the major UK industry areas from food packaging and food processing through to pharmaceutical packaging and processing.

Product Highlights

Column Protectors

A quick and economical way to protect your drivers and columns, Addgards Column Protectors are made with the customer in mind.

[Addgards Limited](#)

Patented FIBC Handling Bags

Looplifter's flexible and collapsible design allows FIBC's to sit together more securely in a stack than if pallets were used, thus higher, safer stacks can be built.
