New Products and Special Offers

[Belt Drive Roller Conveyor TS 2800](#)

The modular design of Transnorm System roller conveyors permits the integration of discharge, infeed, and distribution components. Due to the bolted aluminium construction, the installation can be easily extended, modified, or adapted to changing capacity requirements.

[Transnorm](#)

[Universal Drum Rotator DRU01](#)

This Drum Rotator is the most versatile unit on the market. It can pick up all drum types from a small 50 litre to a large 205 litres, both steel and plastic.

[Safety Trolley Systems](#)

[Elevator for Products](#)

Designed for vertical transport of cartons or crates from the standard output height of the filling lines (c. 1.000 mm) to the height of consequent machines. It is also used for transport between floors.

[Manex](#)

[Vacuum Lift/Hoist TH40/80 Hoist](#)

The Tawi TH40/80 is the latest product in TAWI's wide range of handling equipment. The TAWI Hoist consists of a lifting device and a specially designed control handle. The ergonomics and reliable technology of the TH40/80 is as a result of TAWI's vast experience in vacuum lifts.

[Tawi](#)

No matter what industry your organisation operates in the PPMA Show will have the right machinery and equipment for your processing and packaging needs.

The PPMA Show caters to all the major UK industry areas from food packaging and food processing through to pharmaceutical packaging and processing.

Product Highlights

[Weigh / Price Labellers WPL Series](#)

Ishida's WPL series of weigh-price-labellers provide state-of-the art weighing technology with accuracy and high-speed printing. These machines can handle a wide variety of pack formats and comfortably apply labels to irregular and awkwardly-shaped products.

[Ishida Europe](#)

[Barcode Printer Blaster Advantage Series](#)

Housed in a sturdy metal chassis, Blaster Advantage bar code printers are capable of pumping out huge volumes of bar codes to precision specifications.

[Belgravium](#)
