N° 75 - December 11, 2006

Logismarket Services

Logismarket, one of the largest industrial directories in Europe, generates over five and a half million

visits and more than 132,000 RFQs for the companies present in the directory. If you would like to become a part of one of the most visited internet directories, with a presence throughout all of Europe, fill out and send us the following [form](#) and we will contact you promptly to discuss price options.

Companies of the Week

[Logitrans](#)

With our permanent promise - "lifting performance" - we will help our customers to fulfil their needs for

handling goods in **an efficient and ergonomically correct way.**

[P1 Technology Partners Limited](#)

P1TP is a Microsoft Gold Certified Partner that develops, deploys and supports **high-quality,**

performance enhancing, cross industry software solutions that positively affect bottom line.

[Wesupply Ltd](#)

Wesupply delivers a **measured, step-by-step approach** to a fully collaborative and intelligent solution

satisfying supply chain requirements. So, from a OneTime connection where customers are imposing electronic trading mandates, to electronic trading for key documentation delivery to a fully collaborative demand driven supply network (DDSN), Wesupply confronts all requirements whatever the level of maturity and budgetary restrictions.

New Products and Special Offers

[Vertical, spiral designed conveyor](#)

New concepts in the **vertical transport of goods** has created Astec's space reducing, longer lasting conveying solution.

[Astec Conveyors Ltd](#)

[Nationwide Courier Service](#)

We handle both European and National deliveries, and we have special offers inside the UK, including deliveries within the postcode areas KT, SW, SM and TW. Doing business with Courier Please is easy – you call us, tell us what you want us to do and when you want it done... and we do it.

[Courier Please Ltd](#)

[Pillar palletiser with clamping head](#)

The frame construction of the palletising machine is made of a **robust pillar** with a clamping head. A whole layer of kegs formed on an accumulation table is clamped by the head from sides, lifted and transferred aside onto a prepared pallet.

[Manex GB Ltd.](#)

[Hydraulic dock leveller with ergonomic lip](#)

The Stertil dock leveller model HQ is the latest development in the field of dock levellers with telescopic lips. The minimum lip length is 600mm with a standard option of 1000mm except on 2000mm long platform models. The **infinite positioning possibilities of the telescopic lip** makes the HQ model ideal for the first/last two pallets where traditional swing lip dock levellers can be problematic.

[Stertil UK Ltd](#)

Product Highlights

[Sack Truck](#)

Flat back truck with a **capacity of 150 kg.**

[Breg Products Ltd.](#)

[Moulded Plastic Roll Container](#)

Due to the modular design of the rollet®, **its shape and configuration can be adapted to suit any requirement.** The development of the product has completely astounded and is about to transform the materials handling market. The RTP evolution is here!
