Exhibitions

[Logismarket at TOTAL - Hall 5 Stand 5616](#)

Logismarket

welcomes you to visit us at the Total Processing & Packaging trade fair in Birmingham from the 15th to the 18th of May. We'll be at **Stand 5616, Hall 5**. Come and take a free copy of the **new Logismarket CD-ROM!**

Companies of the Week

[F.I.R. - Fabbrica Italiana Ruote](#)

Both inside Italy and abroad, F.I.R. has become, within a short period of time, **one of the leading**

companies in the production of stainless steel brackets and nylon and nylon-polyurethane wheels.

This success is the result of attention to high quality both in production and client service, and also to an active and dynamic sales network comprising agents, distributors and commercial partners.

[Traderman Systems](#)

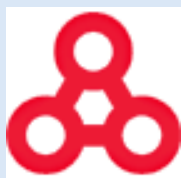

In today's cut throat Logistics market every penny saved counts, that is why we have developed an

integrated Warehouse Management System and Transport Management System

that gives you better control to drive down costs and optimise your processes. What do we mean by Intelligent Systems? Systems that track your goods, giving you and your customers full visibility across the supply chain at anytime, from anywhere.

[CABKA GmbH](#)

With our pallets, containers, and pallet boxes, we offer **systematic solutions to our clients thanks**

to innovations in transport technology and storage. With 25 years experience, we develop and manufacture products from different types of plastic: from recycled plastic to new plastics.

New Products and Special Offers

[Automatic Strapping Machine](#)

NEW! Cyklop Salto. The fully automatic machine for strapping bundles of roof laths. A CD is available to view. Special customer benefit:

- Reliability
- Performance
- Operator comfort
- Very little maintenance

[Cyklop UK Ltd.](#)

[Stacker](#)

The LX series of stackers offers a **huge range of equipment for the professional looking for quality and added value.** Designed to be utilised in professional applications in warehouse and handling, these machines come fitted with many standard features, such as the MOSFET transistor control and a SEM drive motor.

[PRAMAC UK Ltd](#)

[Explosion Protection Equipment for Diesel Engines](#)

The Euromech system does not detect a gas but works by **enclosing all ignition sources.** With full certification, Euromech 2G™ is for Zone 1 areas and Euromech 3G™ for zone 2 areas. The protection principles are similar with a few differences in the extent of the modification.

[Pyroban Ltd.](#)

[Joint-Free Industrial Floor](#)

The Freeplan floor, achieved by use of a multidirectional casting method, eliminates saw-cut joints. The use of proven, sensible design methods, the mastering of concrete behaviour, the understanding of steel fibre reinforced concrete technology and the constant monitoring of the production process allow Twintec to guarantee the delivery of a totally homogeneous industrial floor without saw-cut joints.

[Twintec](#)

The Total Processing & Packaging exhibition hosts suppliers of machinery, components, equipments and services to the UK processing & packaging industries.
